Say NO to the Quarry

The consultation period for the proposed quarry in Stanstead Abbots has been extended by one month to 31 October 2022.

Stanstead Abbots Parish Council is holding a public meeting to enable villagers to hear more about what is being proposed, what the Council's concerns are and to give some guidance about providing an effective response.

Our local MP Julie Marson will be attending the meeting, so please come along and have your say.
